

# callusan

CREMESCHAUM

Callusan is characterised by its simple and comfortable application. The delicate cream mousse is absorbed into the skin quickly without leaving a residue. An unpleasant greasy film is a thing of the past.

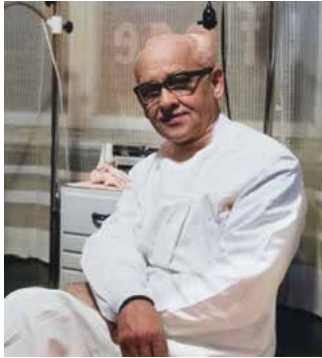

Callusan's innovative aerosol technology also has many advantages with regard to sustainability. The filled cans have an air-tight seal, which protects them from contamination, enabling us to preserving substances to a minimum.

**briggatemedical**company

Supporting Podiatrists with trust & integrity since 1987

# Feet have been at the centre of our company for 100 years - and that connects us with you!

Josef Greppmayr

Our first practice

Andreas Greppmayr

As podiatrists, you contribute to maintaining the health, well-being and mobility of countless people every day. You carry out this special job every day with dedication and passion. And we try to make your work a little easier every day with our products and methods.

Above all, we would like to thank you from the bottom of our hearts for your loyalty and trust! As reliable specialist retail partners, you have made a significant contribution to the success of our brands.

With the slogan „**PODOS ARE *extra* ORDINARY**“ we want to honour your extraordinary profession and further increase public awareness for healthy feet..

**Celebrate this special anniversary with us now - and let us look to the future together with confidence!**

Yours sincerely
