PegContour® Insole Uni

Universal Peg Arch Cushion Insole

Removable
Pegs

Indications

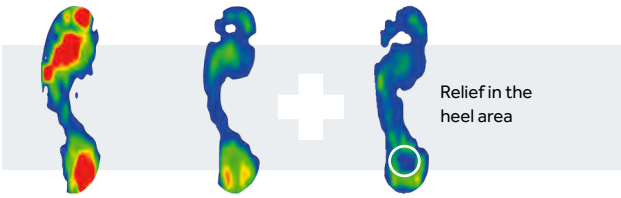

- After hallux valgus and small toe surgery (Austin, Akin, Scarf, Weil, Hohmann etc.)
- Angioneuropathic changes of the foot in combination with mild foot deformities
- Healing of ulcerations in the heel area (rearfoot ulcers)
- Fasciitis plantaris / heel spur
- Heel wounds
- Postoperative use + treatment of the heel

For selective off-loading for:

- Plantar lesions
- Plantar ulcerations / ulcer prevention
- Pressure points

Features

- Shock-inhibiting arch cushion insole (long-soled) with individually removable pegs
  → Customisable fitting
- Plantar pressure redistribution + targeted, selective pressure relief
- Pressure reduced by up to 45 %
- Customisable PU material with high shape recovery
- Soft sole covering made of lengthwise and crosswise elastic polyester
  → High wearing comfort
- Symmetrical sole → Universal fit for right + left foot
- For lesions in the arch of the foot
- Anatomically adapted contours → Optimal pressure redistribution

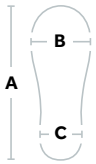

Relief in the heel area
