

The powerful connection to a bike starts at the feet.

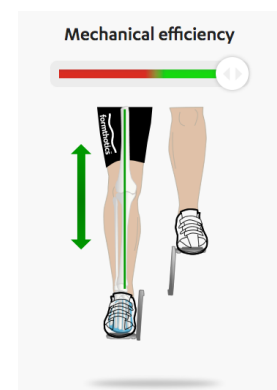

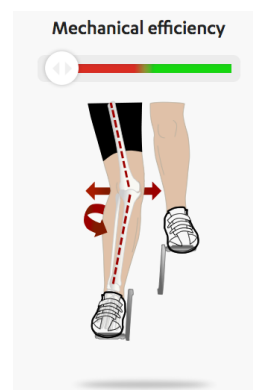

Customise the connection of your patients bike to direct power to the pedals in confidence.

801 Cycle Firm Density Full Length - Black

- Improves shoe fit and keeps feet comfortable during long rides - particularly when using higher gears and on hilly, long rides
- Achieve mechanical efficiency of the foot and leg
- Super lightweight at 19 grams, adding minimal weight to the rotating mass
- Durable
- Designed for all types of cyclists and cycle shoes:
 - Competitive professionals seeking performance enhancement
 - Daily commutes or weekend excursions for added comfort
 - All road cyclists, mountain bikers, triathletes and track cyclists
- Keep feet more insulated in cold conditions - from vents under the shoe
- Developed by podiatrists and tested by a variety of cyclists, in a wide variety of cycle shoes
