Pandoria Plus Vinyl

All Callisto Gen2 and Callisto 240HD Gen2 patient chairs are upholstered using Continental skai® Medical Grade Vinyls.

The skai® Pandoria Plus range utilised is a high-quality upholstery material, whose fine micropore structure gives a certain unobtrusiveness, which is refined by an attractive tone-in-tone effect. The very pleasant feel of the material and the excellent material characteristic and the broad, modern color spectrum make skai® Pandoria Plus universally usable.
